

Roll-@-Blade

(A High Precision Rotary Trimmer)

Self-Sharpening Tungsten Blade:
Constructed of die-casting alloy for durability and a sharp cut every time (Close-up view of the rotary blade).

Ergonomic Blade Carriage

Twin Sliding Poles: Guide the blade with extreme stability, for an accurate cut.

Transparent Clamping Bar: Works in conjunction with the Blade Carriage to firmly hold the trimming material in place, while allowing you to monitor the trimming process.

Extra Wide Work Table With English/Metric Ruler & Special Grid Ruler Guide: For an easy alignment while satisfying all of your converting needs!
