AKILES

ProLam Ultra-X Series

[PROFESSIONAL HEATED ROLLER POUCH LAMINATOR]

Commercial Grade 6 Roller Laminators
with Programmable Memory Settings

Ultra-X6

Programmable Memory Settings

Allows you to save the ideal temperature and speed for your most frequent projects.

Blazing Fast Speed

The 6 roller heat system (X6 only) grants you one of the fastest laminating speeds in its class (i.e. 142" per minute).

Auto Shutoff

Automatically cools and shuts down the machine after usage, to prolong the life of your laminator.

Extra Large Opening

The 18.9" opening (XL only) allows you to laminate with extra large pouches (i.e. 18" x 24").

AKILES ProLamUltra-X Series

The Akiles ProLam Ultra-X Series laminators possess superior quality and functionality combined with commercial grade design. Its multiple roller heat system produces professional, crystal-clear and bubble-free pouches every time.

10 Roller Heat System

6 heated rollers + 2 cold rollers + 2 ejector rollers guarantees professional grade results at blazing fast speeds (X10 only).

Removable Cover

Allows quick access to the rollers with easy to remove thumb screws.

LCD Control Panel

Backlit LCD display with labeled keypad makes it easy to operate.

Settings Guide

Shows the recommended temperature and speed settings for different pouch thicknesses.

13" and 18.9" Capacities

The large 13" (X6 / X10) or extra large 18.9" (XL) throat allows the machine to laminate a wide array of pouch sizes.

Air Cooling System

Patented internal cooling system ensures the laminator stays cool to the touch while in use.

Programmable Memory Settings

Memorize the ideal temperature & speed settings for your most frequently used pouches.
