

Large document shredder 16.50 S

High-power, thermally protected geared electric motor (7.5 kW) with automatic delta-wye-start

Rugged, wear-resistant cutting rollers made from high-grade steel for optimum cutting performance

500 mm working width; suitable for all standard computer formats

intimus®

Equipment / Technical Data

Space-saving solution

- Can be installed next to a wall
- Container is removed from the operator side

Simple operation

- Audible "container full" signal
- Accompanying visual display for operator and cutting process is halted

Mobile container

- Supplied as standard equipment
- Capacity 450 litres
- Ergonomic handle design for ease of handling
- Fold-down front panel for effortless removal of shredded material

Standard safety system

- Wide EMERGENCY STOP BAR on receiving table for immediate stop in an emergency
- Lockable master switch and key switch
- Safety switch to stop machine if container is not in place
- Motor protection device with thermosensor and overload relay

Transport Packaging

- Packed in a wooden crate
- Dimensions packed
L x W x H 1.770 x 1.320 x 1.210 mm
- Weight with packaging 785 kg

Power Supply

- Outlet Cekon CEE 32A
3Ph + N + PE according to IEC 60309
- Fusing by customer 35A slow blow
- Aforementioned details apply for 400V / 50 Hz.
Details for differing voltages are available upon request.
